

PARTNER WITH ENGINEERING CITY SCHOLARS

CORPORATE PARTNERSHIPS AVAILABLE NOW FOR 2021!

City Scholars Leverages the University of Illinois' World-Renowned Grainger College of Engineering to Build Chicago's Tech Pipeline.

Grainger Engineering graduates are fueling today's top companies – but not enough of them are reinvesting their skills and building their careers in Chicago long term. Partnering with the City Scholars program can help you identify, hire, and retain some of the world's most talented engineers and computer scientists to compete with coastal markets and build Chicago's tech workforce.

Partner with The Grainger College of Engineering's City Scholars

Who are City Scholars

- Engineering Juniors and Seniors.
- Students from: Computer Science, Electrical Engineering, and Computer Engineering.
- Top students who can balance living in Chicago, taking classes, and interning.
- Future leaders who want to have a role in Chicago's tech ecosystem.

City Scholars Program Overview

- Students available to work 20 hours per week in Chicago offices during spring or fall semesters.
- Option to extend semester internship into summer or full-time offers.
- Illinois provides online and in-person classes in Chicago, keeping students on track to graduate.
- Leading faculty connect classroom theory to practical application.
- Our cohort experience connects students directly to executives, experts, and civic leaders who make Chicago thrive.

Company Commitment and Student Recruiting

Companies that partner with Grainger Engineering for the City Scholars program will pay students a pre-set hourly wage for 20 hours per week. A program fee for each student hired helps offset the costs of student instruction and programming in Chicago. Companies meet and select student interns through networking sessions, one-on-one interviews, and other reasonable assessments as needed. All City Scholars candidates are prescreened by the University for achievement based on their academic transcript and resume.

Here's How to Get Started

✓ Schedule an Appointment

Connect with City Scholars to confirm the program is a fit for your company.

✓ Identify Student Internship Roles

Clarify the position(s) you would like to fill and provide a position or project description.

✓ Commit to City Scholars 2021 by June 15th, 2021

Your deposit of \$1,000 holds your place in the program and includes your company in student-facing marketing materials.

✓ Interview and Select City Scholars Candidates

Receive a resume book of candidates, meet students at City Scholars specific networking events on campus, and thoroughly evaluate candidates based on your own hiring practices.
